**DUES** are \$5.00 annually. Memberships expire with the Macungie meet in August. The Keystone Chapter Newsletter will be published with information from and for its members in the months of January, April, June, July, August and October. All items to be published should be sent to the editor.

PRESIDENT'S MESSAGE:

Thank you Chet & Becky Wisneski for hosting our Fall Foliage meet in Shickshinny, PA. Following the cook out picnic, we cruised to a scenic overlook. Not only did Chet and Becky host our meet, but declined to take any reimbursement from the chapter for the food. We appreciate it very much.

Our Regional Committee continues to look for a suitable site for next year's event. Possible sites would be Valley Forge, the Poconos or Hershey.

Don't forget our annual dinner on March 21st to start our new season. Looking forward to seeing you there and hope you had a happy and safe holiday season.

Ed Snyder, President

SECRETARY'S REPORT:

Welcome to 1992! Hopefully Santa was generous to all of us and was thoughtful enough to add something under the tree for your Falcon!

As we look back on 1991, it was certainly another year of exciting and well attended functions for your chapter. As I've said on previous occasions, try to attend as many of the chapter's activities in your area and if you know of a site where we can have a meet in your area let us know. We'd like to get meets in different parts of our geographic area to add more fun to the club.

Happy Falconing in 1992!

Marin Ennis, Secretary

Linda Wisser, Treasurer

**CONDOLENCES:**

to Bruce Wolfe on the death of his mother.

**MEMBERSHIP YEAR:**

The Falcon Club of America requires that all members of local chapters also belong to the National. Applications are available from the President or the Secretary and at our meets.

**EDITOR'S MESSAGE:**

Our Fourth Annual Dinner is to be held at Meyers' Restaurant on March 21st. This event has been well received for the past three years. Plan to attend, and send your reservation to Ed. Future chapter activities will be discussed at the dinner, and listed in the next newsletter in April.

Each chapter of the Falcon Club of America is required to send a list of members to the National secretary during the month of January. This year, we will comply with the requirement by publishing a membership roster for distribution to all active members. The cutoff for the roster will be January 15th. There are still 6 members who have not renewed for 1992, and they will be included if their check is received by Ed before January 15th. The membership roster will be mailed with the next newsletter.

Chapter membership cards are also being prepared, and will be mailed when ready.

Your ads, articles, etc. are welcome.

Frank Servas, Editor

### 232 NEW WATER PUMP PULLEY AND POWER STEERING DRIVE BELT

(1965 - 289 CID Falcon, Fairlane, Mustang and Galaxie Equipped With Power Steering - Less Air Conditioning)

A condition of frayed or worn power steering pump belts, caused by the belt scrubbing against the water pump pulley, may be encountered on some of the subject vehicles. This problem was corrected in production November 23, 1964 by installation of a water pump pulley with a revised contour to provide adequate power steering belt clearance.

If customer complaints of the above nature are encountered, it is recommended that the water pump pulley and power steering pump belt be replaced to correct this problem.

#### **PARTS AFFECTED**

C5AZ-8620-K	Drive Belt (Ford pump)
C30Z-8620-A	Drive Belt (Eaton pump)
C5AZ-8509-J	Water Pump Pulley

### 400 TRANSMISSION GASKET AND OIL SEAL KIT - C4AZ-7153-C

(All With C-4 Three Speed Automatic Transmission)

Until recently, the C4AZ-7153-C kit was catalogued for 1965 model year application. The kit contains a valve body separating plate gasket C4AZ-7D100-B. This particular gasket **cannot** be used in the 1965 model transmissions or 1964 model transmissions equipped with a service main control assembly (identified: IV). Use of this gasket in 1965 transmissions or 1964 service replacement main control assemblies results in transmission malfunction (improper shifts, low pressure, slippage, etc.)

If the transmission is a 1965 model or is equipped with a 1964 service replacement main control assembly (identified: IV), the C5AZ-7D100-B valve body separating plate gasket **must** be used.
