# President's Message

In place of my President's Message I would like to insert the FALCON story from Kevin Wentzel. I would like to say thanks to the Reeder brothers for organizing the junk yard tour. It was very interesting. Everyone had a good time. I also want to thank Bob Vaughn and his family for taking care of the Annual Spring Dinner.

In closing I would like to leave everyone with these thoughts:

If 4 out of 5 people suffer from diarrhea does that mean that 1 of them enjoys it. Isn't making a smoking section in a restaurant like making a peeing section in a swimming pool. If a cow laughed would milk come out of her nose?

I hope to see everyone at Carlisle. Pres Don

## Kevin's Falcon Story

The whole thing started about 1 1/2 years ago, while I was at work reading a hot rod magazine. In the back I saw an ad for a 1963 4 door Falcon Futura. The ad said the car has been sitting for 20 plus years inside a garage. The car has no battery and the tires are flat and doesn't run. I talked to my wife and decided to buy the car just to learn how to play around with an engine. Well I got the car for \$300.00. A friend helped me get it started and driving. There was only 1 small rust hole. I was looking on e-bay that same night. I never knew a Falcon car existed. When I saw what parts were going for, I told my wife I am stripping the car, selling what I can and junking the rest. My car seemed to be in better shape then the ones I have been seeing, with only 63k original miles. A year before I got this car my mother had passed away. My step dad told me that the very first car my mother owned was a 1963 4 door Falcon Futura. Well that's all it took for me to hang on to the car. My mother didn't have anything to pass on as a keep sake so I decided to re-do the car in memory of my mother. The car was white with red interior. A good friend that owns a body shop ( Harcolodes) is helping me to finish it. It will be painted this week with only the seats needing to be done before I can drive it. I think we are going to experiment with some paint to do something different. Thanks to another falcon club member I was able to buy his spare parts as in chrome and wheel covers that were in show style condition. I am looking forward to driving my car to the meets. Also the first trip I will make in the car is a very long and over due trip to my mothers grave site. I have not been there since she passed away. Going there in my Falcon means a lot. I am keeping everything original on the car except the paint job. I want something to stand out. Thank you for everything and hope to meet you and others in the club soon. I will be moving within the next 3 months to my mother's house. If there is anything with in the club that my wife or I can do to help, please let us know.

Thanks, Kevin Wentzel

# Annual Spring Dinner Report

The Keystone Chapter had it's annual dinner at a new location, The Blue Mtn. Family Restaurant, just a few miles down the road from Midway (location for this years regional on Sept 10-11). Arrangements were made by Bob and Lisa Vaughn, and by all reports from those present, we may well have another function here in the future. Everyone had a nice Keystone Chapter Pen, donated by Bob and Lisa, at their seat as a remembrance of the evening. We ordered extras that are available through the club store for \$3 each.

We had 31 present with the following families and guest represented: Adams, Brown, Hostetter, Kichline, Kratz Jr., Leverett, Scioscia, Servas, D. Snyder, E. Snyder, J. Vaughn, R. Vaughn, and Wolfe.

We had a brief meeting before the meal, and started out with a moment of silence for Chip Miller, one of the founders of the events at Carlisle.

Ginny gave a Treasurer's Report--with a balance on hand of \$2,177.56 before paying the balance for the Banquet ( about \$402 ).

The Secretary's reports are published in the Newsletters--and there was nothing new since the meet at Kauffman's Chicken.

Andy Brown and myself went over a few things for the upcoming Regional--the Sponsors are coming in, but we still need some, and anything over the number for classes can be used for the Hospitality Room, and door prizes. Forms were available at the dinner--and if more are needed, just contact me.

Don went over cars that are available, and upcoming meets. The next meet is "the Salvage Yard Meet" on 4/17.

Discussion was held on when to allow Best of Show Winners to return to competition--a ballot was handed out, and the waiting period will be determined from that.

The meeting ended, and Bruce Wolfe offered a beautiful blessing before the meal. We were treated to an excellent family-style dinner that was served hot, and with more than enough for everyone to be very full.

After the meal, no one was in a big hurry to go home, and as usual we talked about our cars, our families, and upcoming meets. And yes--MANY stories about us all.

The Keystone Chapter is a very close-knit group, that has alot of history, and we have all been through many of life's events, both good and bad with each other. Take it from one who has been through a few--it was always a great comfort knowing my friends were there, and their voices, visits, and cards brought a smile to my face. Let's work hard to continue to build this history, and with God's Blessing we can continue to enjoy each other, and our favorite hobby.

Bob Vaughn----Sec.

## Winter Cabin Fever Meet Report: Kauffman's Chicken Ranch, Bethel, PA. Sun. Feb. 22, 2004

Well our first meet of the year was a success, and a great time, with 45 people in attendance, and believe it or not---NO SNOW OR RAIN! Only 2 Falcons made their way out of mothballs on this beautiful afternoon, those being the '63 Conv. of the Hostetter's, and the '65 Ranchero of the Leverett's. All the others are still safely tucked away in their nice warm garages for a few weeks yet. Some could be heard crying all the way to Bethel, especially the Reeder's little red '64 that was left out in the cold all winter, and Andy Brown's little '67 green baby that just wants all her parts back together with a new paint job, and hit the road!

We were all happy to see one another, especially those from longer distances, and those who have had some medical problems since we last met.

As usual the food was great at Kauffman's, and the conversations full of Falcon stories. There were doorprizes of Falcon ice scrapers, and Keystone license plates that various members were lucky enough to win, and the 50/50 raffle went to the "Father" of the Keystone Chapter, Ed (Vintage Burgundy) Snyder.

Several upcoming meets and dates were shared, and all were reminded of the Annual Spring Banquet on April 3rd.

Many informal side meetings were going on with busy details for the banquet, this years regional, cars and parts wanted and for sale, and many other topics.

All went home again after another enjoyable day with our Falcon Buddies, looking forward to our next meeting, and praying all would be safe and healthy until we meet again ! !

Bob Vaughn, Secretary

# ELECTRONIC MAIL

If you want to be in the know (Between Newsletters)  
about things happening in the Keystone Chapter,  
make sure the Keystone Editor and the  
Keystone President have your email address.

Email your current address to:

## Tools of the Trade

**HAMMER:** Originally employed as a weapon of war, the hammer nowadays is used as a kind of divining rod to locate expensive parts not far from the object we are trying to hit.

**MECHANIC'S KNIFE:** Used to open and slice through the contents of cardboard cartons delivered to your front door; works particularly well on boxes containing seats and door panels.

**HACKSAW:** One of a family of cutting tools built on the Ouija board principle. It transforms human energy into motion, and the more you attempt to influence its course, the more dismal your future becomes.

**OXYACETYLENE TORCH:** Used almost entirely for lighting various flammable objects in your garage on fire. Also handy for igniting the grease inside a brake drum you're trying to get the bearing race out of.

**WIRE WHEEL:** Cleans rust off old bolts and then throws them somewhere under the workbench with the speed of light. Also removes fingerprint whorls and hard-earned guitar calluses in about the time it takes you to say, "Ouch...."

**E-Z OUT BOLT AND STUD EXTRACTOR:** A tool that snaps off in bolt holes and is ten times harder than any known drill bit.

**PRY BAR:** A tool used to crumple the metal surrounding that clip or bracket you needed to remove in order to replace a 50 cent part.

Thanks to Paul Seitz these "Tools of the Trade".

### NOTE:

If you come to a meet **without your Falcon**, make sure you sign in. We want to list you as attending that meet. We also want to know who came along with you so we can also recognize them. The Keystone Chapter Secretary and Vice-President are in charge of recording the Falcons and members that attend meets.

**1963 Futura Convertible** Blue with white top, 6 cyl, auto. \$6,900 For more info and pictures write: Grumbine, 5680 Valley Glen Rd, Annville, PA 17003 or e-mail [hgrumbine@msn.com](mailto:hgrumbine@msn.com)

**1965 Falcon 2 door Sedan.** Complete but with no engine and for parts only. Call for price after 5PM. 717-637-5424 ask for Albert.

## PLYE'S Junkyard Meet Report (SAT) April 17th

A big thanks goes out to Jon and Nick Reeder for organizing the April Junk Yard Meet. We met at the Cruiser's Cafe. Some one stopped to let Marshall Hess know there was a Ranchero for sale near by. Marshall was the only one driving a Falcon. The Ranchero was within walking distance of the Cafe. We all walked up the hill to check it out. It was tucked away in the back of a tractor trailer. On a scale of 1 to 10, it was a 2. We then headed for the junk yard just a mile from the Cafe. This yard was full of old stuff. Fords from the 40s, 50s and 60s. Lots of old trucks. We checked out all the Falcons we could find. As we were traveling through the yard we met 2 guys that were looking for Falcons. They were not in our club. They just happened to be there on the same day.

## From the Keystone 2004 Regional Chairmen

Ever wonder what it takes to put on a Ford Falcon Regional? Like any event it takes volunteers. Have you ever thought to yourself, "I'd like to help out sometime with one of these Regionals"? Then by all means, consider volunteering. There are many things to do and we always have a good time.

The 2004 Keystone Chapter Regional will be taking place September 10th and 11th, 2004. The location will once again be at The Comfort Inn in Bethel, PA.

We will be cruising to Kauffman's Chicken BBQ friday night. You gotta be crazy to miss this. The chicken literally falls right off into your mouth. Mmm mmm good. Please contact **Andy Brown**, **Bob Vaughn**, or **Jeff Weid** if your interested in helping out. The more the merrier.

## NEW Keystone Chapter License Plates !

The new "Keystone Chapter License Plates" are now available. Contact Don Snyder for one or more of these beautiful stamped aluminum plates. They look good on your Falcon or on your daily driver. They are \$8.00 for one or \$15.00 for two.

## CLUB STORE ITEMS
