Hello!!!

Welcome to the first edition of the Keystone Chapter newsletter for 2008. First off let's recap a little because so much happened last show season. Carlisle in particular was unusually hot and humid. The Falcon National Convention in Minnesota was a blast, and Macungie could not have gone any better. The Mason Dixon Chapter had quite a showing for their regional as did the Northeast Chapter. The meet at L.B. Smith Ford drew a record attendance in both classic Fords and Falcons. Already events are being planned for the 2008 season.

Within this newsletter you will find a wealth of information. Starting things off this year is the Cabin Fever Meet at Kauffman's. The chicken is the best around! Please plan on attending if you can. The date is Sunday, February 24th at 1pm. Next up is the spring banquet on Saturday, April 12th followed shortly thereafter by the 2008 Keystone Chapter Regional (May 2-3). A regional registration form is enclosed. Also enclosed are registration forms for the Das Awkscht Fescht (Macungie), which will be held August 1, 2, and 3rd. In between the Regional and the Carlisle All-Ford Nationals is the Keystone Chapter's 20th

Anniversary picnic. It is hard to believe, but yes – The Keystone Chapter has been around for that long. Stay tuned for more details coming in the next newsletter. Ed Snyder is heading this special celebration. If you would like to help or have any suggestions please feel free to give Ed a call.

The Carlisle All-Ford Nationals registration forms will be coming soon. You can also register online at www.carsatcarlisle.com. Under the section marked "Chapter Affiliation" please be sure to type in "**Falcon Club of America.**" Please do not write anything else in this space. Due to many different chapter names being written in that space, Carlisle Productions recognizes each one as a different car club. In doing so, we are not gathering enough Falcons to qualify for the free tent which they provide to us. For us to qualify we need a minimum of 30 Falcons pre-registered. Help us out and pre-register your Falcon online or by phone and mention "**Falcon Club of America**" so we do not have to shell out money for a tent.

That's about all I have for this edition. On behalf of myself and the other officers we look forward to seeing everyone again real soon.
Andy, President

Newsletter via email?

Would you like to have your copy of *The Falcon Key* Keystone Newsletter emailed to your inbox rather than have it mailed to your home's mailbox? Send KCFCSEditors@gmail.com an email with "**Email Newsletter Please**" in the subject line. This would be a great "green" initiative for the chapter that would save trees and allow the chapter to save money on printing and mailing costs. **Please think about it!**

From the Editors

First off we would like to thank everybody for the kind, generous, and enthusiastic reactions we have been receiving since the last newsletter was published. We were very proud of our first edition and hope to be able to maintain that standard for many more to come. We are really excited to see that people are starting to contact us with information and pictures to include in future editions. Please keep them coming!!! With this edition we would like to wrap up some information from last year's events and to start looking towards this year's (the 20th anniversary of the Keystone Chapter). The calendars are filling in, but there is always room for more events. Let us know what's going on in your neck of the woods so we can let others know. We are also trying to get everybody's email addresses up to date so we can contact you with reminders and up to date information that might come up between newsletters. Look for a section on that later in this newsletter. To wrap this up we hope everybody had a happy and healthy holiday season and we'll hopefully see you soon.

Please get your registration form in early to help out with the planning of this great event

A New Flock of Falcons in PA

*By: Ray Chevalier
Northeast Regional Director*

As Northeast Regional Director it is with great pleasure that I announce the formation of a new Chapter to the region and to the Falcon Club. The new Chapter will be known as the **Western PA Chapter of the Falcon Club of America**. Their area will cover a radius of 100 miles of Pittsburgh, PA. The new Chapter President is Bob Clark and their charter was granted by the Falcon Club's Board of Directors with 10 members at the end of November. The Presidents of the surrounding Chapters have all pledged their support in any way they can. If your Chapter wishes to trade newsletters with

them you can have your Editor add them to your email list by sending it to Bob Clark at randyclark@verizon.net. If anyone would like to send them an email of support I am sure they would appreciate hearing from you. They have worked very hard with the Falcon Club's Chapter Coordinator, Mary Wagner and I for the last several month to pull this group together. We wish them

Ray's Car - Niagara Falls Regional 2006 - Photo by Unknown

great success. With this part of PA being covered the Northeast Region has very little area left uncovered by a Chapter. - Ray

The easiest way to communicate is via e-mail, and the Keystone Chapter uses e-mail to notify our members of important information that may come up in between newsletters. We are trying to update the list of e-mail addresses on file for our members.

The address you received this newsletter at is what we have as your current e-mail address. If you would like it sent to a different e-mail address please let the Editors know! Send us an e-mail at kcfaeditors@gmail.com.

L.B. Smith Ford "Classic Ford Meet"

For the seventh year in a row, the Keystone Chapter attended the annual fall Classic Ford Meet hosted by L.B. Smith Ford in Lemoyne, PA. This meet drew record numbers, with 46 classic Fords and 22 Falcons in attendance. As always, Homer Hetrick and the staff at L.B. Smith were terrific hosts! The weather was perfect for a fall car show. Attendees were well-fed, with coffee and doughnuts for breakfast and hot dogs, sausages and drinks for lunch. Throughout the day, attendees had the opportunity to test drive a new Ford (just in case their old one doesn't quite satisfy that Ford craving!) A live band played all day, and the chapter meeting was capped off with a huge birthday cake for Bruce Wolfe courtesy of L.B. Smith. At the chapter meeting, upcoming events were dis-

cussed, including the spring banquet in April, the Keystone Regional in May, plans for the 20th anniversary of the Keystone chapter, the 2008 and 2009 National Conventions (in Springfield, MO and Dover, DE, respectively), and the possibility of a Regional meet in Niagara Falls, NY in 2009. This was a great event, and thanks go out to Homer and his staff as well as the Keystone members who worked hard to make this show a success! We hope to see everyone back at L.B. Smith Ford next year!

Tech Tips By: Bruce Wolfe

How to choose the correct grade of fuel, do it right & save

Using fuel with an octane rating higher than the manufacturer's recommendation will not increase performance, fuel economy, lower emissions or increase engine/fuel system life.

Check the car manufacturer's octane recommendation in the owner's manual.

Octane numbers refer to the fuel's ability to resist destructive engine knock or pinging (fuel igniting before the ignition spark).

Make sure your engine is properly tuned. Adjust ignition timing to the manufacturer's specification is especially important.

If your engine knocks or pings with a given fuel, try a different brand. If that doesn't solve the problem, increase to the next octane level.

NOTE: Extreme conditions such as heavy loads, towing and summer temperatures may require the next higher grade.

Higher octane fuel does not provide more power or fuel economy. Paying for octane you don't need is a waste of money.

Fuel price may be an indicator of fuel quality. The quality of the crude oil used to make the fuel has a direct impact on the fuel price. Oil companies do not share formulas, nor do they get their crude oil from the same place. There are some variations as gas is reformulated both seasonally and geographically.

Cheaper gasolines frequently have more undesirable compounds, such as sulfur. Such compounds contribute to higher emissions and a shorter catalytic converter life. There are also some variations

What is the bottom line? Don't pat extra for unnecessary octane. If you've modified your engine for higher horse power, the octane requirements may be higher than the manufacturer's recommendation.

Your Car Could be in Print

Peter Brekus from the Express-Times has extended an invitation to our Eastern PA and Western NJ members to have a story written about them and have it printed in a future edition of the paper's Classic Wheels feature. The Class Wheels feature runs every Sunday and is always in color. Peter's article "Year of the Falcon at the Fesch" was featured in our last newsletter.

In Our Thoughts

Dennis Palatucci
 325 Manor Ave.
 Plymouth Meeting, PA 19462

From time to time we may hear that one of our family of Falcon lovers or their spouse might be feeling a bit under the weather. In this section we would like to be able to let them know that we are all thinking of them even if they may not be able to make it out to as many meets as they had in the past. If you learn of someone who might need some good thoughts from the club please let us know. Sometimes a little note, card, or email can make the world of difference to somebody's day.

Larger Than Life

This larger than life Falcon was spotted on Route 309 in Quakertown PA. Speculation is that the car's owners are our very own Chet & Becky Wisneski.
