

# LB Smith 2016

We had another beautiful day for the annual LB Smith Ford car show in Lemoyne, PA. There were 118 vehicles at the show. 18 Falcons, 99 other Fords and one Corvette. Yes, one Corvette at the ALL FORD SHOW. He came for the great oldies music by Pentagon. LB Smith supplied the food, drinks and breakfast snacks and a local fire company served the food. Andy Brown & I helped park the cars while Jeff Wied handed out the dash plaques. I didn't get a complete list of the Keystone members that attended the show. Below are pictures of some of the Falcons and some of my favorite fords. If you didn't attend this year I hope you will be able to make it next year. Bruce Wolfe
